Sudden cardiac death is the leading cause of death in the United States, killing more than 335,000 young and fit. You see them taken away in ambulances. You see them_running 15 years ago.

Kwang C. An — best known as "Mr. A." as a local restaurateur and philanthropist who will receive the 2020 Phanthon Award from the downtown Mr. Gottfried Foundation at the annual gala at Friday, Feb. 7.

It means I promise to work harder to holistically more funds," said An. The Gottfried Foundation has gifted more than 350 AEDs to nonprofits, recreation centers, schools and locations where people work, worship and play — as well as partnered with the Tucson, Marana and Oro Valley police departments, and the Pima County Sheriff's Department.

The Gottfried Foundation is named for the late WC "Tuffy" Knoche, so it makes sense for them to train in CPR and to turn the streets in our community into ‘defibrillator streets,’" said An. It means I promise to work harder to holistically more funds," said An. The Gottfried Foundation has gifted more than 350 AEDs to nonprofits, recreation centers, schools and locations where people work, worship and play — as well as partnered with the Tucson, Marana and Oro Valley police departments, and the Pima County Sheriff's Department.

We made a comfortable harness for a 5-year-old child who needs support as he learns to walk. We also adapted a rewire mirror for a woman who lost legs so she can cut ripe bananas hand-picked by her. Bowd a weighted blanket that allows a child to sleep through the night for the first time in years.

These are a few of the nearly 1,000 pieces of Special Needs Solutions makes every year. Our goal is to support the children and adults with disabilities in our community in every possible way.

In any special equipment, we can make a child’s needs more enjoyable.

This year, these pieces of equipment make up nearly 500 children and adults with disabilities in our community. We also collaborate with more than 100 therapists and teachers working with individuals in community agencies, private providers and in optional education school programs.

Special Needs Solutions, Inc., is a for-profit business and a nonprofit 501(c)(3) organization. Our mission is to design and make specific equipment that allows a child or adult to play a leading role in their local community.

Our community is rich in people with disabilities in our community, and each of us has the potential to make a difference in the life of a child or adult with a disability. We do this by creating specialized equipment that helps people participate in their community in as meaningful a way as possible.

For us, this means creating equipment that enables people to live as independently as possible in their lives.

The specialized equipment for children and adults with special needs frequently causes significant suffering. It is caused by challenges in their daily lives, and it can be emotionally and physically harmful. We can help by creating special equipment that helps people to live more comfortably and independently.

As an Arizona taxpay- er, you can make a difference in the lives of people with disabilities.
